Shopping Carnival To Be Held Here May 16 to 23

The Didsbury Board of Trade is once again sponsoring a Shopping Carnival, this time from May 16 to 23. Stores and businesses participating will be able to give out tickets on purchases which entitles the holder to a chance on the draw for valuable prizes.

A four-page flier will be mailed to you this weekend, which features special carnival bargains in food, clothing, etc. If you do not receive your copy drop in to The Pioneer Office and we'll be pleased to supply one.

Three valuable prizes totalling \$335 will be given away to lucky winners at the conclusion of the shopping spree. Included are a Conso-Radio with automatic record player, \$220; Chrome Kitchen Set, table and chairs, \$100; Chest of Silverware, 26 pieces, \$35.

Rules of the carnival will be the same as previously, that is:

A ticket will be given for each dollar's cash purchase or service purchased during the Shopping Carnival.

No more than 100 tickets will be given on any one purchase.

Advertisers and their families are not eligible to win prizes. Lucky ticket holders do not need to be present at the draw to win. Prizes must be claimed within two weeks of the draw.

This week of shopping bargains is for the benefit of the town and district and deserves the support of everyone.

Cremona Ladies Honor Mrs. Sirr At Shower

Mrs. Dave Sirr (Diane McKinnon) was honored recently at a miscellaneous shower when thirty-seven guests gathered at the home of Mrs. M. Eby of Water Valley on Wednesday afternoon, April 23, when Mrs. Eby and Mrs. Joe Oldfield were hostesses.

Twenty-four of her gifts seated under a canopy of pink and white streamers and bells. Miss Inez Jordan assisted in unwrapping the gifts which were presented to the bride in a basket of yellow, white and green.

The bride's table was decorated with a beautiful two tier wedding cake, presented to her by Mrs. D. Watson.

During the afternoon a duet was sung by Miss Sylvia Watson and Miss Inez Jordan, and the guest book was signed by all.

To close the pleasant afternoon Mrs. Sirr fittingly thanked many friends, and a dainty lunch was served by the hostesses.

Cremona's first soft ball game of the season was played against Botrel on the home diamond last Sunday, the local boys winning 5-2.

The Canasta Club met this week at the home of Mrs. Hugh Pearce with first prize going to Mrs. McQuarrie and consolation to Miss Joan McQuarrie.

Mr. and Mrs. Webb of Vancouver, B.C., are visiting with their daughter, Mr. and Mrs. Gordon and Mr. Jacobson and Glen. While in the district they are also renewing other acquaintances.

Sincere sympathy of the district is extended to Mrs. Orton of Calgary on the passing of Mr. Orton. Mr. and Mrs. Orton were former owners of the Cremona Cafe.

To Pay Five Cents For Crow and Magpie Feel

The annual crow and magpie campaign of the Didsbury Fish and Game Association is now under way and boys and girls will be paid five cents per pair for all predator bird feet turned in to George McDonald at McDonald's Men's Wear.

While the predator committee of the Didsbury Association has not completed arrangements for awarding prizes for the largest number of crow and magpie feet turned in before July 15th, it is expected that an arrangement similar to last year will be adopted.

Rugby W. I. Collects For Cancer Fund

Mrs. J. Hosgood was hostess to sixteen members and four visitors at the May meeting of the Rugby W.I. which featured the singing of "Old MacDonald Had a Farm" and repeating the Creed.

A paper on "Rat Control in Alberta" was given by Mrs. L. Krebs.

Mrs. McInnes conducted a contest for the bit of fun and this was won by Mrs. Shannon.

For the five-minute topic which was the life of Matthew Kousell, the artist.

It was decided to give a quilt to the Ernest Good family which lost their home by fire.

Mrs. Ray gave a report on the O.W.L.

More Red Cross work was given out, and it was reported that the sum of \$835 had been collected for the Cancer Fund.

Winners of the chocolate cake contest were Mrs. Ira Scott, first, and Mrs. H. Hosgood, and Mrs. E. McInnes, second.

Mrs. L. Krebs won the raffle.

The meeting closed with the National Anthem and lunch was served.

The next meeting will be held at the home of Mrs. L. Krebs.

SUBSCRIPTION LIST BOUGHT BY NEW PUBLISHER

When The Pioneer came under new management on May 1st the subscription list was taken over by the new owner. All returns in subscriptions are payable to him who is in charge of this work.

The health magazine was again subscribed to.

Cancer receipt books were distributed to several members to canvass for the Cancer Fund.

Mrs. J. Ray gave her report on the A.W.L. Conference which she attended in Olds. She was delegated in place of Mrs. H. Goetjen who was unable to attend because of illness.

Mrs. R. McFarlane and Mrs. H. Goetjen each read letters received from the Norham W.I. and these especially mentioned the enjoyment from the scrap book which was assembled by Mrs. G. Ford.

The five-minute talk, "Hobbies of Alberta" was given by Mrs. H. Goetjen.

It was decided at the meeting to order a box of one dozen dresses from the Disabled Handicraft Society.

Members are being asked to leave their parcels for Mr. and Mrs. E. Good, whose home was destroyed by fire, with Mrs. Cliff Eckstrand.

The five-minute club with God Save the Queen and lunch was served by the hostess.

The next meeting will be held at the home of Mrs. R. Shantz on Thursday, June 5.

a challenge to par-buster and novice alike. Following clockwise is a view of the swimming at Banff Springs Hotel in Alberta, where water sports are enjoyed against a mountain backdrop. Always a zestful game, tennis is really exhilarating in the crisp mountain air of the Canadian Rockies at Banff Springs. Although four right across Canada, trout in the Rockies will prove a stern test for an angler, as well as a proud trophy, as the bounteous fisherman seems to be telling the Mountie.

Lions Club To Sponsor Two One-Act Plays

Due to a number of requests for a repeat performance, the Didsbury Lions Club will again sponsor the presentation of two one-act plays recently staged at Melvin Hall.

The productions will be presented in the Lions Hall Thursday, May 8th, and Friday, May 9th. The programme will include the plays, "If Men Played Cards As Women Do," a comedy with a cast of Lions Club members, and "The Valiant," a drama starring Didsbury High School students.

During the intermission high school students will present choral selections.

For a limited seating accommodation in the hall, town residents are requested to attend the Thursday showing, thus enabling country people to enjoy the Saturday evening performance.

NOTICE TO SQUARE DANCERS

Members of Melvin Square Dance Club please call at Blore's Jewellery Store for your refund, if you are a paid-up member for the second series.

Community Hospital Work Deserves Your High Praise

Funeral Services Held For John Bode From Redeemer Church

Monday, May 12th, the anniversary of Florence Nightingale's birthday, will be observed throughout the nation as National Hospital Day. On this day of the year, citizens are asked to give special thought to the work of their community hospital, the public service institution whose doors are never closed.

National Hospital Day will be marked on the national level by several broadcasts over the CBC networks, including one program on the anniversary of Florence Nightingale's birth.

Mr. Bode was born in Goodhue, Minnesota, and came to the West Coast district in 1911, and farmed there until his retirement to Didsbury in 1949.

Surviving are his wife, Metta, three sons, Alvin and Arnold both of Calgary, and a daughter, Mrs. Violet of Cochrane. He leaves a son, grandchild and one sister, Mrs. May Hagner of White City, Sask.

Funeral services were conducted from Redeemer Lutheran Church, Didsbury, on Tuesday, May 6, at 2:00 p.m. with Rev. E. B. Fox officiating.

Interment followed in the Didsbury cemetery with Didsbury Municipal Home in charge of arrangements.

In this community the management and board of Didsbury Municipal Hospital are planning "open house" on May 12th. All members of the public are cordially invited to inspect the hospital facilities and activities between 2:00 and 5:00 o'clock in the afternoon. The ladies of the Evening Group of Knox United Church W.A. will serve a silver tea in the nurses' dining room. You are cordially invited to attend.

At 3 p.m. Mountain time on Saturday, May 10, there will be a CBC National broadcast entitled "The City Within". This is a special broadcast about a hospital and it is timed to fit in with our National Hospital Day, May 12.

A new book looks up the advantages of a hospital:

"A hospital is an island of quiet vigilance in the night's sea of darkness and sleep. Windows marking the corridors and the waiting rooms are watchful eyes of light unblinking. Behind them in the shadowed corners of the wards, the helpless, hopeless or hopeless gather slow strength or finding strength slowly ooze away. And in the corridor is the quick, efficient shush-shush of rubber soles as men and women in white make their rounds, the whispering of voices of nurses and doctors at desks, called by conscience or emergency to ease a flickering life or bolster a faltering one. Mercy dwells there, and compassion, and the selfless work of men and women who work round the clock, day and night, to call cause and recovery. The outer world sleeps in darkness toward a new day; but here unsleeping and ready stands the guardian of life when life is at its lowest ebb."

**ZELLA NEWS NOTES**

A family gathering was held at the A. Reist home last Sunday with 34 present, counting children and adults, the occasion being a visit by a sister of Mr. A. Reist, Mrs. N.L. Dwellers of Denver, Colorado, and a daughter and her wife and two children. They have been spending a week visiting in the district. The Dwellers were former residents of the Youngstown district, later of Kingman, Alberta, before moving to Colorado in 1929.

Frank Dube underwent an operation on his eye at the Holy Cross Hospital in Calgary on Thursday morning.

Miss Doris Deduck of Edmonton arrived Saturday to spend the weekend with her sister, Mrs. Wilfred Spooner.

Planting has begun on the Reist farm with a small amount of wheat being seeded. The higher ground is working up well.

The flu is still claiming its victims. Mrs. Tony Spooner was hospitalized in Olds for four days with it and is now home again.

Wilfred Spooner returned home on Friday after spending almost two weeks in the Colonel Belcher in Calgary recuperating from the flu.

CARD OF THANKS

We wish to express our many sincere thanks to the citizens of Didsbury and our many friends in the community for their kindness and courtesies extended to us during the past five years. We have enjoyed the fellowship shared with you in the many churches of the district.

NOTICE OF PREPARATION OF ASSESSMENT ROLL — 1952

Notice is hereby given that the Assessment Roll of the said municipality has been duly prepared and if any person believes that his property has been valued too high or too low, or that his name or the name of any other person has been strongly entered upon or omitted from the roll, he may at any time prior to June 7, 1952, notify the Secretary-Treasurer in writing of the particulars and grounds of his complaint.

Dated at Didsbury this 7th day of May, 1952.

F. L. EVANS,
Secretary-Treasurer.

ENGAGEMENT ANNOUNCEMENT

We are pleased to announce the engagement of their youngest daughter, Jean Marguerite, to Mr. John William Cox, son of Mr. and Mrs. Charles Cox of Castor, Alberta. The marriage will take place June 10 at 2:30 p.m. in the United Missionary Church, Didsbury.

WANTED TO RENT — 3 bedroom house on water line. Apply at the Pioneer Office.

**ECONOMY FILTER
WHAT IS AN EZE-REPACK CARTRIDGE?**

It is a life time element that fits right into your present oil filter. The principal features of this element are: 1. It collects all the dirty waste, no digging out like in other replaceable oil filters. Simplified packing of new waste. With a patented floating core, this pack automatically adjusts itself to the various motor pressures. A high oil pressure motor requires a tighter grip than a low pressure motor to get efficient oil filtration. And the main feature is, you do not have to be exact in the amount of waste you put into it when repacking; it automatically adjusts itself when the oil pressure affects it. Other cartridges will change when not properly packed. EZE-REPACKS will not. The floating core takes care of this.

YOUR OWN CHOICE

You can now purchase ready made packs for our EZE-REPACK elements for less than half the cost of other cartridges and still have all the fool-proof features that are incorporated into this element.

BREATHTHING ACTION

Every time you start and stop the motor the EZE-REPACK element takes a breath. This reaction distorts the tight seal of sludge around the filter. This causes small cracks and enables a steamer flow right through the cartridge. Other cartridges without these features would be sludged up tight.

YOU PAY FOR ONE WHETHER YOU PAY FOR ONE OR NOT

You pay more for the price of an EZE-REPACK by not buying it in high priced cartridges, frequent oil changes, corrosion and excessive motor wear.

ASSET OR LIABILITY

What is your motor going to be if it is not an asset or a liability? Remember the present day motor is a 100,000 mile motor, when properly cared for.

EFFECTIVE RESULTS

We guarantee (providing your oil lines leading to and from the filter are not clogged up) to clean your oil filter completely within 50 to 100 miles. If not we refund your money.

OUR GUARANTEE

All EZE-REPACKS sold to the trade carry a thirty day money-back guarantee plus a three year warranty against defects in workmanship.

ON THE RADIO

We invite you to listen in on our old-time program on station CFCN every Friday night from 10:15 to 10:30 p.m.

Trucks Require
Clearance Lights

R.C.M.P. have issued the following information for the guidance of truck owners who are not clear on the regulations regarding clearance lights:

Trucks in which the width of the box is 80 inches or over require the following lights at the front of the box: Two amber clearance lights at the top (one in each corner) and two red reflectors at the bottom. At the back of the box: Two red lights at the top (one in each corner) and two red reflectors (one at each bottom corner).

All trucks with a box width of less than 80 inches are required to have a red reflector at the left-hand rear corner.

Forests One Of
Greatest Resources

The forest wealth of Canada is one of the country's greatest natural resources. More than half the land area is forested and is the source of immense quantities of sawlogs, pulpwood, fuel wood, and other wood products having total value of over a billion dollars annually. We are dependent on the forest also for our great hydroelectric power systems, our fish and game, recreation, and even agricultural uses as well. Forest cover conserves the supply of moisture in the soil and regulates the flow of streams and rivers.

Our forests have often been termed "inexhaustible" and perhaps they might be, were it not for the annual losses caused by fire, insects, disease, and industrial use. Every year we lose millions of trees; they are spectacular and widely scattered, yet they account for only nine per cent of the annual forest depletion. Insects and diseases, however, operating quietly and insidiously, are responsible for the loss of at least 500 million cubic feet of timber annually, or about 10 per cent of the annual depletion. It is in this latter sphere of forestry—insect and disease—that the Federal Department of Agriculture is interested and through its Division of Forest Biology in the Science Service is carrying on investigations.

Cereal Cover Crops

Seeding oats as a cover crop has become an accepted practice in the foothill areas of Southern Alberta. The original aim of seeding a cover crop late in July was to prevent soil erosion on fields left bare after fall harvest. Then it was found that the cover crop made excellent pasture for finishing feeder cattle. With the development and use of blade type cultivators adequate trash covers in many cases are giving protection to summerfall crops with the result that cover crop is now used primarily as a pasture for feeder cattle.

Generally cover crops have produced good pasture and soil cover and in the areas where the annual precipitation is favorable, cover crops have not materially reduced the yield of grain grown the following year.

On the average Canadians went to the movies about 18 times in 1949 and paid about 40 cents per time.

Three polar bears were sitting on an iceberg. "Now," said the father polar bear, "I'll go tell a tale to tell." "I, too," said the mother polar bear, "have a tale to tell."

The little polar bear looked up at his parents and said, "My tail's told."

Notes From the D.A.
By HUGH MCPHAIL

Municipal Seed Cleaning Plants are doing a splendid job again this year. Farmers in the districts served by these plants are recognizing the value of the clean seed made available by them, and are patronizing them to a greater extent than ever last year.

F. P. Parkinson, supervisor of special projects, Alberta Department of Agriculture, reports that one of these plants has been operating on a 24-hour schedule since November. The others have all been on 16 to 20-hour schedules. The entire year the four plants operating last season will have over 700,000 bags of clean seed—an amount that will be exceeded this season by a wide margin.

The new plant at Marwayne began regular operations in January, and by the end of January had cleaned over 50,000 bushels. This building is supplied with the same type of high capacity cleaning machinery as that used in the Morinville plant, which cleaned 261,000 bushels last season. All plants are equipped with modern cleaning machinery for separating seed for seed-borne diseases. The Marwayne plant is also equipped to treat for wireworm protection.

Farmers outside the areas served by these plants have trucked their grain as far as 10 miles to have it cleaned.

Why Not, Ladies!

It is some 35 years since Canadian women first voted in a federal election. During the years that the ladies fought for the franchise their leaders promised great things for the future if the women received the right to vote. That promise, somehow, has not been fulfilled.

Women have not taken the part in local, provincial and federal affairs that they might have. In this country there are several million women. Few have ever served on school boards, municipal council, in the legislature or in parliament. Why?

We think that women should get into public life for they have much good common sense, much organizational ability, much executive ability that the country needs. Women are not confined to school boards and not confined to town and rural councils? There are many ladies in our community who would be real assets to any board or council.

We wonder why the ladies of the nation have not been more active in public life. In many organizations they do a wonderful job; why should they not focus their abilities on larger spheres of action?

Women are no longer tied to their homes burdened with housekeeping toll — modern science and invention has released them from that. They are taking their place in business, in industry, in the professions, but to only a minor degree in public life.

The welfare of Canada demands the interest and active participation of women in local and national affairs. How about it, ladies?

-: DISTRICT NEWS:-**WESTCOTT**

Everybody is busy trying to harvest out this way. Many fields are so wet that extra power is needed to get around them at all and it's all very slow process and take so long to accomplish anything. Time is getting short for harvesting of wheat and it is predicted that it will be mostly coarse grains seeded to the new crop. We can be thankful for one thing, however, as the weather has been very cooperative for drying our fields and grain.

Our sympathy is extended to the Bode family in their bereavement, Mr. Bode having passed away last Saturday morning in the Didsbury hospital.

Mrs. Lorraine Konschuh has returned home after having spent some time with her aunt, Mrs. Jean Edwards, during Mr. Edwards' illness.

Mr. Ralph Buck, now of Drumheller, spent the weekend at the Goetjen home.

Mr. and Mrs. Albert Konschuh and family spent Sunday at the Jack Edwards home.

We are very sorry to hear of Mrs. James Hughes' accident. She fell and broke her hip some time ago and it wasn't discovered till just recently. She is now recovering there at all. We understand she was taken to a Calgary hospital by ambulance the first of last week.

Mrs. Henry Wilshusen has her brother's two children staying with her while their mother is in the hospital in Calgary.

Mr. Crispo, the school inspector, was a recent visitor at the Westcott school.

Mrs. K. Goetjen accompanied Mrs. Ed Kinkie of Didsbury to the Westcott W. I. meeting held at the United Church at Westcott last Thursday. Mrs. Herbert Goetjen was the hostess for this meeting, which was held at the church because of the Westcott people being out.

Mrs. Lydie Good had to return to the hospital last Sunday and our best wishes for a speedy recovery are extended to her.

Miss Margaret Robertson has been substitute teaching at Jacksonton school while Mrs. Owens is ill with meningitis.

A few couples from this district took part in the square dance Jamboree at the Corral in Calgary last Saturday night and from various reports it was truly a gala affair. The radio reported the event to be the biggest and best of its kind in the west.

M.V.B.C. NEWS

Gardening is the order of the day. The College continues to put in some garden this year, but not as extensively as in former years. Many of our friends will be putting in a few extra rows of carrots, beets, cabbage, etc. We will appreciate the help of any you can give us in this respect. Adequate arrangements are being made for the care of vegetables during the winter months. Our root cellar is no longer fit for this, so we are changing it into a coal bin. We do expect to have another one prepared for us so that all vegetables will be kept in a fresh condition in a minimum of space if made possible. Your assistance in growing the necessary products is appreciated.

Mr. and Mrs. Hoskins left for their home in Iowa on Friday morning. At the farewell last Wednesday evening they received as a parting gift a small case and Mrs. Hoskins was presented a much prized cup and saucer from the W.M.S. of the church.

Mr. Arthur Eby has taken over the superintendence of the campus. There is a great deal of work to be done this summer to be able to get and grandmas so that it will be kept quite busy and no doubt will appreciate any help that friends are able to give.

The A Cappella Choir is on its much anticipated tour. Thus far they have received a great interest in the churches visited. This week they will spend most of their time in the Okanagan Valley and will return to Didsbury after their Calgary meeting next Sunday evening. Mr. Peter Waldin accompanied them in capacity of business manager.

The new catalogues are now ready for distribution. Any young person interested in any of the courses will do well to request a copy from the Registrar, Miss Gladys Eby. A good number of young people from various points are already anticipating attending this coming year. We expect a large attendance.

Faculty members will be scattered abroad soon. Mrs. Suder is leaving for Detroit to attend the annual Inter-Conference Council of the Women's Division of the Canadian United Missionary Church on Friday. Mr. Waldin will be taking a hurried trip east on business when he returns from the choir tour. Mr. and Mrs. Wilson are scheduled for a number of evangelistic meetings in the States very soon. Mr. Reiber has expect to fill a number of appointments in Saskatchewan and Manitoba before returning to

WEST NOTES

Mr. and Mrs. C. S. Hogg and children of Calgary spent the week end at the former's home here.

Tuesday morning it was only 20 above in this district.

Mr. J. Bagshaw is out of the hospital and able to be out and about. We welcome the newcomers, Mr. and Mrs. Terrell and family, to the district.

Mrs. Arnold Hogg was a Calgary visitor on Monday.

Congratulations to the newly-weds, Mr. and Mrs. Gillies.

MOUNTAIN VIEW

Mr. and Mrs. Stewart Tighe and Bill visited Sunday with Mr. and Mrs. T. J. Hunter and girls at Penhold.

Mr. and Mrs. L. Hunter visited Sunday with Mr. and Mrs. Harold Swanson and family.

Mr. and Mrs. Thomas McKay are visiting with their daughter at Bashaw.

The last Knitting Club meeting was held at the home of Mr. and Mrs. Frank Gooding with Mrs. Bill Persinger as hostess. The next Knitting Club meeting will be held at the home of Mrs. Charles Snyder.

A number of people attended the birthday party at the David Pratt home Sunday evening, the occasion being David's birthday. Cards were played and an enjoyable evening was spent.

Mr. Enoch Hughes and Mrs. Bray were Sunday guests with Mr. and Mrs. David Pratt and family. Mrs. Frank Bray spent the weekend in this district.

Some afternoon visitors with Mrs. Jack Underhay were Mrs. F. Bray, Enoch Hughes and Mrs. David Pratt and children.

Mr. and Mrs. John Bruce and children of Olds visited Sunday afternoon with Mr. and Mrs. Ed McNeil.

Mr. and Mrs. Grenville McCaig and girls have as their guests for a few days Mrs. Clarence Koleun and daughter of B.C.

Dinner guests Sunday with Mr. and Mrs. Wm. Bruce were Mr. and Mrs. Elmer Rogers and family.

Pat Rogers returned home Sunday from the hospital where he spent a few days.

A speedy recovery is extended to Mr. Enoch Hughes who is taking treatment in the hospital.

Sunday guest with Mr. and Mrs. Wm. Bruce were Mr. and Mrs. John Bruce and family and Mr. and Mrs. Rex Dawson and daughter.

Mrs. Jeanne was a patient in the hatchery hospital last week and is home again. A speedy recovery is extended to her.

Mr. and Mrs. George Clarke and Carol of Hobema spent Saturday night and Sunday visiting relatives and friends.

His home in Delaware. The President, Rev. Donald Taylor, is coming out to the area in mid-June until the beginning of July, when he and his family will move onto the Campus. Miss Gladys Eby is resident on the Campus for the summer months and will do the office work until such time as appointments will be made to fill this position.

Plans are being made to renovate the kitchen of the College. This is one of the most important changes to be made this year. Cupboards are needed, and rearrangements are essential so that heavy duties of persons in charge of the cooking may be made lighter. More will be said about this later.

There are still some twenty persons residing at the College. We have so much appreciated the kindness of friends who have brought in presents of one kind or another. It is difficult to keep up with all the giving, but some have brought in fresh eggs and potatoes recently.

We are as busy as ever at the College. Rooms will be cleaned, decorated where necessary, and general housecleaning will be the order of the day. Public gatherings are frequent and we are glad to extend an invitation to those who are welcome to use the spacious dining room for such an occasion. This coming week will be two such occasions, and the week following the annual rally group. Our events are as follows for the coming week. We feel this is a service to many in the community as needs of the church are met in this way.

**GOVT DROPS RESTRICTIONS
ON CREDIT BUYING**

The Government Monday removed
certain credit restrictions as
the Board of Statistics announced
the third consecutive monthly decline
in living costs.

Suspension of the credit curbs,
effective Tuesday, follows a promise by
Finance Minister Abbott last
January when he relaxed the time
to pay off debts on January 12, 1952.
He said he would make further
cuts when he was convinced Canada
was winning the battle against infla-
tion.

The 2300-volt power line at the
Payne-Freemantle was blown
down by the high wind last Wed-
nesday morning and power was off
in town for more than an hour.

Fine weather and prevail in this
part of Alberta and most of the
farmers are now finishing up last
year's harvest operations. Seeding
of wheat is becoming general, and
some fields have been sown to oats
and barley.
